Hi Jeremy,

I know you were interested in our work on energy storage the last time we talked. Given the HB 589 passage and the energy storage study that will commence shortly, we are reconvening the energy storage WG on July 26th in our offices here (10-12 pm).

I am attaching an agenda and hoping you can attend. NCSEA has been active in this space for quite some time.

Let me know if you have any questions.

Many thanks,

Diane
